

June newsletter

Please can all parents stick to their allocated pick up and drop off times. The staff all work very hard and their shifts are worked around the hours your children attend. Thank you for your cooperation

Now the weather is getting nicer (hopefully) can we please ask all parents for sunhats. We will provide sun cream but if your child needs a specific type then please provide this for us. Can you also provide wellies so that we can use the grass area in all weathers.

We Have also got lots of messy activities planned and would kindly ask that parents provide a spare change of clothes in case we need to change your child.

A note from Busy bees

Please can parents have a look at their child's EYlog and send any reports back to us. We will be sending school leavers reports off in July and would love your feedback on these. If you need a paper copy please speak to your child's key worker.

A note from Ladybirds

Can we ask all parents to label clothes and shoes. And provide a change of clothes for children please.

Staff changes

You may have noticed some new faces at nursery. We are very happy to welcome Emma Doubleday and Katie Heywood to our team. They will both be undertaking apprenticeships with us. Emma will be based in busy Bees and Katie will be based in Ladybirds. We also have Carly Aldridge with us temporarily to cover Heather while she has an operation on her foot.

Any children leaving us for school this year and looking for before and after school care for your children. Woodlands offer a fantastic club but are filling up fast. If you would like to use their facilities please give them a call on 01664 562277 ASAP to ensure your child gets a space.

Dates for your diary

Den day-17th June
Graduation- 15th July
Funded children term ends- 8th July
